

## Bill Oldham

**Years as a Local 9 Member:** 18 years

**Years Teaching at Local 9 Training Center:** 10 years

**Related Training/Education:** OSHA 500 and 502, Fall Protection, Confined Space, Excavation NFPA 70E, First Aid, CPR, High Voltage Splicing, and IMSA

**Teaching Philosophy:** Take in all the knowledge you can. If I don't have the answer, I will get the answer. We are only a phone call away.

**What you like most about teaching:** The feedback from the students. Seeing former students and them telling me of a situation that they recognized because of the training they received. A student recalling something or a story they heard in class.

**What else would the student want to know about you:** Most students are not aware that before I was an instructor in safety. I started at the training center as a street light and traffic signal instructor.
