

## **David Torres**

**Years as a Local 9 Member: 20 years**

**Years Teaching at Local 9 Training Center: 10 years**

**Related Training/Education: United States Airforce**

**Teaching Philosophy:** There are no mistakes, only opportunities to learn.

**What you like most about teaching:** I really enjoy what I do and passing that knowledge on to my IBEW family is something I take pride in.

**What else the student would want to know about you:** I understand that this is an elective course so I'm very motivated to help you get as much as you can out of it. I like to tailor the class to be as helpful to the students as possible, especially if it is a task found directly on the jobsite.
