

Doug Ackerson

Years as a Local 9 Member: 6 years

Years Teaching at Local 9 Training Center: 2 years

Teaching Philosophy: Teach hands on and help those that don't understand rather than put that person down.

What you like most about teaching: Passing on knowledge about the trade.

What else the student would want to know about you: There are no shortcuts in the trade and sometimes no second chances. Learn to work safe and become a good Union member.
