

FIRST AID (FAD)

Course Description –

This course teaches how deal with injuries that may occur on the job or elsewhere. The use of the Emergency Medical System (EMS) and how to minimize the injury until professional help arrives is emphasized. It instructs how to identify the signs of various injuries or sudden illnesses and make the appropriate decisions regarding emergency care. There is also discussion of how to avoid many of the most common injuries.

The student is issued an American Red Cross First Aid completion of course card good for two years after passing a test.
