**Years as a Local 9 Member: 13 years**

**Years Teaching at Local 9 Training Center: 4 years**

**Teaching Philosophy:** I try to put myself in the student's shoes and remember what it was like when everything was new to me.

**What you like most about teaching:** I enjoy most, when you have a student that is genuinely interested in learning our craft and isn't here because he or she has to be. They understand that they are making themselves so much more valuable to the world.

**What else would the student want to know about you:** I've been working in Local 9 for Intren since September 2016 and I have been directional boring for most of that time. I'm a family man raising two kids with my wife down in Coal City, IL.
