

Jeff Kriepps

Years as a Local 9 Member: 25
years

Years Teaching at Local 9 Training Center: 3 years

Related Training/Education: IMSA one and two, Cable Splicing

Teaching Philosophy: Keep it simple and straight forward. Not rushing through things and making sure that every student is educated in the best way.

What you like most about teaching: The fact that I can use all my years of services, accomplishments and failures and bring real stories to the students.

What else the student would want to know about you: That there is a time to have fun and there is a time to be serious about this education.
