

Lee Anne Marino

Years as a Local 9 Member:
4 years

**Years Teaching at Local 9
Training Center:** 1 month

Related Training/Education: I have been a college professor for 15 years.

Teaching Philosophy: Hands on learning is important. Students and teachers should work together to grasp new material.

What you like most about teaching: I enjoy the exchange of new information. It is fun to see students picking up a new skill or gaining new knowledge, that will help them in the field and in life.

What else the student would want to know about you: I have a diverse background. I have taught chemistry on High School level and college English. Having been in that world, I appreciate ever more being a part of Union life.
