Teaching Philosophy: I believe that my task as an instructor is to facilitate the development of every Local 9 Union member. To teach with compassion, dedication and enthusiasm. I am also committed to helping students create a safe work place for themselves and others around them.

What you like most about teaching: I enjoy teaching my Local 9 brothers and sisters the proper way of being safe on job sites. I like to see students on the streets after class and seeing their jobs set up properly and safe.

What else the student would want to know about you: I am a family man. I am all about my wife and two kids. I have a five-year-old daughter and a two-year-old son. I am devoted to this great Union. Its all I have known since the age of 18 and all I will know. I love being a Local 9 Lineman.
