

## **Leonel Wong**

**Years as a Local 9 Member:**  
13 years

**Years Teaching at Local 9  
Training Center:** 1 month

**Related Training/Education:** I have 6 years of Fiber Optic experience, both the install side and splicing side.

**Teaching Philosophy:** I believe that students learn best in a positive environment.

**What you like most about teaching:** Although this is my first-time teaching, I have worked with first year helpers in the field. The experience helped me develop a desire to keep sharing knowledge to those who are willing to learn.

**What else the student would want to know about you:** I enjoy interacting with different people, learning about them on a professional level.
